HIS HEN FIRST

ONE OWNED BY J. S. GROSS WON EGG LAYING CONTEST.

LAID 260 EGGS IN YEAR

Prize Won in Second International Egg Laying Contest—Crawford & Sayler's Hen Got Fourth.

A Maryville hen, belonging to John S. Gross of this city, won first prize in the second international egg laying contest, which closed Saturday night at the Missouri state poultry experiment station at Mountain Grove, Mo., in a thrilling race with a hen from England, nosing out the latter by two eggs. Another Maryville hen was fourth, belonging to Crawford and Sayler of this city.

The winner is a Rose Comb White Leghorn hen, owned by John Gross of Maryville, and produced 260 eggs during the year.

Tom Barron's White Leghorn hen from Catsforth, England, laid 258 eggs. The hens were tied for several days this week, but the loser did not lay an egg during the last two days of the contest.

Tom Barron's pen of White Leghorns won the pen record with 2,073 eggs from ten hens, with a pen of Buff Wyandottes owned by C. H. Rogers, Eagleville, Mo., running second.

The third hen is a Buff Wyandotte, with 255 eggs, owned by J. H. Clark, West Parolet, Vt., and the fourth hen is a Buff Wyandotte, with 253 eggs to her credit, from a pen owned by Crawford and Sayler of Maryville, Mo.

The average egg production for the 700 hens taking part in the contest is 145 eggs, eleven more than last year's egg laying contest average.

A thousand pullets from seven foreign countries, Canada, and more than twenty states are at the experiment station waiting for the start of the third international egg laying contest on December 1.

Mr. Quisenberry, director at the experiment station, and his assistant feel satisfied with the results of the contest, as the hot weather last summer greatly affected the laying of the hens and yet the average is larger than last year.

THE WATER PLANT

IT WILL SOON BE COMPLETED AND WILL BE MODEL ONE.

TO DRILL FOR WATER

This Will Be Done in Spring—Two New Mains Will Probably Be Built This Fall.

The improvement work at the city water plant will be completed within the next two or three weeks, and Maryville will then have as model a plant as can be found.

There are only two items yet left on the program of the board of public works. One of these is to drill for well water, which will be done next spring. The other item is to build two new mains, probably this fall. The board has discussed the building of mains, but no definite action has been taken. As figured on, one main will be built in Southeast Maryville and one in Northeast Maryville, being more needed in those sections of the city than any other. These mains will be put where there are the most consumers in these sections. Another reason for the mains at present is that adequate fire protection is not had in these parts of town.

The filters are being installed now at the water plant. The two new pumps are here and will be ready for use in about two weeks.

The new water tower is in use and is giving satisfaction. It has a capacity of 150,000 gallons constantly on hand under pressure for fire service.

When the filters and pumps are installed at the plant the remodeling and alteration of the plant will be completed.

QUIT CARRYING PASSENGERS.

People Along St. Joseph Branch Must Hereafter Ride on Passengers.

An order has just been issued by the C., B. & Q. Railroad company announcing that after December 1st it will discontinue carrying passengers on way freights Nos. 94 and 95 on this St. Joseph branch.

No doubt this news will not be received in a very happy mood by scores of people residing at points along this branch between Creston and St. Joseph, and also by many traveling salesmen. Heretofore the privilege of taking the freight in the event of them not being able to finish their business in whatever town they were in time to catch the passenger train, has been a good thing for a great many. Many also took the afternoon freight from points south of Creston in preference to coming on the afternoon passenger, which comes about two or three hours earlier, or waiting for the night train, which does not reach here until 10:40 o'clock. There were also other advantages to travelers of having three trains a day each way, instead of two as will be the case after December 1st.

It is understood that the reason given by the railroad for discontinuing the accommodation passenger business on the way freight, is that it is a great nuisance and bother to pull up to the stations and stop with the long freights now being hauled in addition to the switching, which necessarily has to be done. Furthermore, it is understood that the railroad contends that the privilege of riding on the freights is abused by many who could ride on the passenger trains.

Let Them Play All They Want To.

In the December Woman's Home Companion Dr. Roger H. Dennett, a New York physician who is expert in the care and treatment of children, writes an article entitled "How to Make Babies Better." Following is an extract in which Doctor Dennett gives his ideas of exercise for children:

"It seems to be the practice of some mothers to suppress their children in their play, with the idea that it is for their good. I cannot understand why this suppression is so popular, because I believe that throughout childhood there are few exceptions to the rule that a child should be allowed to be as active as he wishes. Not long ago I asked a mother whose child did not seem to be in the best of health if she was very active in her play. The mother replied that her child was very lively indeed but that she was not allowed to run when she was out of doors for fear of getting overheated, there was so much danger of her catching cold afterward. This is not at all unusual, for I meet this suppression almost every day. Such mothers should learn that their children are far more apt to catch cold when they do not get the proper amount of exercise than when they are allowed to run and play all they like. Let your children be as lively as they wish and play to their hearts' content. If they are not naturally active, encourage in them a fondness for games. Most of us have caught the spirit of the fresh air treatment, and it would be well if we could learn that exercise is just as important."

Mrs. Louis Remele of Clyde, who has been a patient at St. Francis hospital for two weeks, was able to go home Wednesday, Mr. Remele coming over to accompany her home.

GOOD ROAD WORK

HAVE SPENT $350 CUTTING DOWN HILLS NEAR J. W. MOSS.

IS GREAT IMPROVEMENT

The Hills Are About Three Miles West of Ravenwood—Fills Were Also Made With the Dirt.

Over $350 has been spent on the Moss hill, which is three miles west of Ravenwood, and the work done is considered a great improvement. The hill was one of the worst on the Maryville and Ravenwood road. The work was just recently completed and Marion West, road overseer, was in charge.

The money spent came from J. W. Moss, the county court and the township, each giving $100. The other $50 was donated by the farmers in that community, and in addition many farmers donated many days' work with teams. Beside the moving of the dirt in lowering the hill and making the fill at the foot, there will be two new concrete bridges. A fill of five feet was made at one place.

There were three hills and the money was used in lowering all of them. Rev. C. R. Green of the Harmony church was one of the many farmers that helped in the work.

THOMAS PHIPPS BROUGHT HOME.

Clearmont Young Man Who Was Shot Accidentally About Ten Days Ago is Back From Hospital.

Thomas Phipps, the Clearmont young man who was shot a week ago by the accidental discharge of his revolver, was brought home Tuesday evening from Ensworth hospital in St. Joseph, where he was taken last Friday by Dr. H. S. Dowell. It was the intention to remove the bullet, which has lodged deep in the thick muscles of the right hip, but the patient is too weak from the loss of blood that it was thought best to defer that operation for the present. He is doing very well, however, and is gradually gaining.

The young man had started out hunting one morning, carrying a revolver and a hammer in his left hip pocket. As he was going through a wire fence, some two miles from his home, the hammer rubbed against the revolver in such a way as to pull the trigger of the revolver, exploding it. The bullet entered the posterior part of the left hip, went through the lower lumbar vertebra and posterior part of the rectum and lodged in the deep muscles of the right hip. The victim walked to his home, two miles away, before he told anyone what had happened, and it was several hours before he had medical attention. He was very weak from the loss of blood and was in a critical condition awhile before he was taken to the hospital.

Arrested Again for Drunkenness.

Thomas Hoover was arrested Wednesday for drunkenness, being his second offense in two days. His first arrest was Tuesday, and he was given a fine of $2 and costs, paying the same. When he appeared before Mayor Robey Wednesday for the second time on the same charge, his honor made it cost him $26.10, and Hoover, being unable to pay same, will have to work it out for twenty-six days on the city rock pile.

Mrs. Charles Green went to Stanberry Wednesday to visit her parents, Mr. and Mrs. J. C. Moore.

Mrs. S. H. Coleman of Villisca, Ia., came to Maryville Wednesday to visit her daughters, Mrs. John Borrusch and Mrs. M. H. Borrusch.

Miss Orlena Helply returned Tuesday evening from a few days' visit at the home of Mr. and Mrs. R. R. Staples of Burlington Junction.

It is time to remember your Christmas shopping.

It's a dull day in Mexican affairs when there is not a contradiction of some former rumor.

It has been decided that a turkey weighing more than twenty pounds cannot be sent by parcels post. That's all right, we will be satisfied with one of that size.

A man who was determined sane in Missouri has just been declared insane in Ohio. The fact that he left Missouri was probably considered sufficient evidence.

Speaker Champ Clark has rented a home in Washington for $1,500 per year. Poor Champ has to worry along on $12,000 per year and didn't get to deliver a single lecture.

Since the tariff was lowered the Glass family seems to be coming into its own. Carter Glass of Virginia is making a currency bill in congress, Editor Frank Glass of Alabama has been appointed United States senator, and Thomas E. Glass has been appointed postmaster of Jackson, Tenn., and the season is yet early.

Judge Harris of the Boone county circuit court a few days ago severely scored the individuals who commit perjury in order to shield the men who have illegally sold them intoxicants. That is what makes it difficult to enforce sumptuary laws. The individual who is most harmed is the one who tries hardest to shield the guilty offender. If some one steals a pig or a horse, the victim will go his length to run down the thief and bring him to justice, but when a man violates the law in order to help him get drunk, his memory of the transaction too frequently becomes a blank.

POLITICAL NOTES.

(From Democratic Press Bureau.)

Theodore Roosevelt has been invited to Japan. But the place that needs him most is Mexico.

Some of the American residents in the City of Mexico can't understand why the present administration should be so prejudiced against Huerta. They seem to be perfectly satisfied that Mexico or their own country should be governed by means of assassination if they can make money out of it.

The present seems to be an era of good feeling. The Republican party is hopelessly divided. It has ceased to be an effective implement for working the will of the predatory interests. The Democratic party is redeeming its pledges one by one. The great mass of the common people have grown weary of the sensational. They are practically agreed upon tariff and currency legislation, the predatory interests appear to deem it unsafe to go farther at this time in exploiting the common people. The United States judge does not stand over so much ground as formerly, and all this under a Democratic administration.

Jessie's Bridesmaids.

Miss Jessie Wilson, daughter of the president, who will be married to Francis B. Sayre, November 25, in the White House, has selected bridesmaids from among her friends in many parts of the country, and she has chosen some what are considered very pretty.

Her eldest sister, Margaret, will be the maid of honor.

There will be four bridesmaids. Miss Eleanor Randolph Wilson, younger sister of the bride-elect, who is 3 years her junior, and for whom a great popularity is predicted during the coming Washington social season. Miss Eleanor Wilson is vivacious and exceedingly popular. Of the three daughters of the president she enjoys the most intimate chumship with the chief magistrate. She is fond of horseback riding and tennis and is an unusually good dancer.

Miss Mary G. White of Baltimore, another of the bridesmaids, was intimately associated with Miss Jessie Wilson during her student days. They were classmates at Goucher college, Baltimore, and have maintained an intimate friendship ever since. Miss Jessie Wilson has been several times a visitor at Miss White's home since she became an inmate of the White House, and in turn Miss White has been a frequent visitor in the Wilson home.

Miss Marjorie Brown of Atlanta, daughter of Col. E. T. Brown, is a cousin of the mother of the bride-to-be. There is an especial interest in Miss Brown's participation in the ceremony for the reason that she will be the only native Georgian in the party beside the bride. Miss Jessie Wilson was born in Georgia twenty-six years ago.

Miss Adeline Mitchell Scott of Princeton will be the fourth bridesmaid. Miss Scott and Miss Jessie Wilson have been intimate since their babyhood. She is the daughter of Prof. William B. Scott of the university faculty of Princeton.

Entertained Her Class.

One of those enjoyable events that will soon be known to the participants as among the "happy days gone by," took place Tuesday evening at the home of Mr. and Mrs. Frank Roelofson, when the mid-winter class of the high school and the faculty were entertained by their daughter, Miss Golda Roelofson. The hostess was assisted in her duties by her sister, Mrs. Paul Sawyers of St. Joseph, Miss Virginia Rose, Mrs. Roelofson and Frank Roelofson, Jr. The decorations of the rooms added to the spirit of the evening the class colors of yellow and green being prettily shown in ribbon streamers and class pennants strung over doors and windows, and the electrolier lights in each of the rooms shaded in yellow and green. The bay window in the living room was banked with palms, and the table in the window held a large bouquet of yellow chrysanthemums. The game of the evening was speculation, Miss Ruth Reuilllard winning the prize, a yellow and green box of correspondence cards. After the games much fun was derived from "walking the string" with the use of field glasses. During the games several piano numbers were given by Mrs. Sawyers, Miss Rose and Mrs. Roelofson, and sherbet was served the players. The luncheon was in two courses, on the small tables where the games were played. The first course was brought in individual lunch baskets that had handles of yellow and green ribbons, with the place card attached. Each basket contained a chicken sandwich of brown bread, a jelly sandwich of white bread, olives, pickles, cheese sticks, potato chips, a stick of candy and a banana. The napkins had pictures on them suggestive of school days. The baskets were given as favors. The second course consisted of apricot ice, yellow and green mints, chocolate cake and coffee. The members of the class are Laura Craig, Ruth Reuillard, Hazel Vandervoort, Edith Wilson, Gladys Holt, Isora Mutz, Katherine Carpenter, Golda Roelofson, Fred Vandersloot, Edgar Hull, Kirker Sawyers. The members of the faculty, Superintendent Westbrook, Professor Clyde Busby, Miss Alicia Keeler, Miss Laura Hawkins, Miss Donna Sisson, Miss Marjorie Hine, Miss Helen Wright.

Met With Mrs. Richey.

The Tourist department of the Twentieth Century club held its November meeting Tuesday afternoon with Mrs. J. D. Richey. The study of Modern Germany for the year was concluded at this meeting in the consideration of chapter 67 of our textbook. Miss Helen Leffler was the leader, and as usual was well prepared for the part. Mrs. Arthur A. Brewer, one of the new members, was on the program for the first time, and in a most pleasing manner gave her subject, "The German's Fatherland," telling of the different types of Germans. A sketch of William II was given by Mrs. Charles D. Bellows. "Political Parties and Socialism" was discussed by Miss Helen Leffler, who showed such an insight in regard to things political in Germany, and talked with so much enthusiasm that the Tourists think they have a splendid example of the best kind of suffragette in their midst. Mrs. Charles Wadley gave a talk on the German army, and two papers were read, one by Mrs. R. L. McDougal on "Germany as a World Power," and the other, "Germany's Waterways, Railways and Canals," by Mrs. S. G. Gillam. A review of German news from the latest magazines was presented by Mrs. Emmett Scott, followed by a general discussion of German news. There was one out-of-town guest, Mrs. M. V. Shaff of Los Angeles, Cal., an aunt of Mrs. T. L. Wadley.—By Reporter for the Tourists.

Surprise on M. and Mrs. Jones.

A delightful and successful surprise was given Mr. and Mrs. Oliver Jones Saturday evening when the Dew Drop Inn club and neighbors and friends went in to pay them a farewell visit before their departure for Long Beach, Cal., where they expect to make their home.

Mr. and Mrs. Jones had been packing their household effects during the day and large boxes were in evidence everywhere, as well as straw, which had been used in packing. Oh, no; they were not disconcerted. Mr. Jones proceeded to sweep out the straw with the handle of the broom, while Mrs. Jones was in another room filling coal oil lamps with the wrong end of the funnel, when they were persuaded to keep quiet and make the best of everything and a good social time was had and an oyster supper, which had been provided for by the guests was served to those present, who were Mr. and Mrs. Charles Garrett and family, Mr. and Mrs. Allen Lemon, Mr. and Mrs. Tab MacDowell and daughter, Mr. and Mrs. Fred Miller, Mr. and Mrs. Ben Yeager, Mr. and Mrs. Claud Moore and son, Mr. and Mrs. Fletcher Dalby and daughter, Mr. and Mrs. Harry Farrar and family, Mr. and Mrs. Will Noakes, Mr. and Mrs. Elmer Baker and son, Mr. P. H. Spaulding,

"Look Out, Not In; Look Up, Not Down;

Look Forward, and Not Back; and Lend a Hand."

There's a good motto for all of us for the new year. We're not sure that the quotation is exactly correct, but we've got the general idea there. Edward Everett Hale said it. It's a good motto for men in business, for women in the home or in business, for all of us in all our relations to each other. We're trying to carry out that idea in the Clothing Business. It is shown by having here the HART, SCHAFFNER & MARX and CLOTH CRAFT. The most forward, upward, outward looking Clothes made. "Though we should be grateful for good houses, there is no house like God's out of doors."
—Robert Louis Stevenson.

STEVENSON might well have amplified this aphorism with, "And there is no out of doors like southern California." Can anyone gainsay it or can any one deny that for years "to spend a winter in California" has been uppermost in his mind, in fact, an ambition?

Let this be the year to enjoy an abundance of sunshine, blue skies, green valleys, acres of flowers, fresh fruits, yachting, bathing, golf, motoring, fishing.

Horses Must Follow Right Ways.

The St. Joseph Gazette, in speaking of the city council here making an ordinance that all buggies and vehicles must observe the road laws, says:

The horses of merry Maryville must follow right ways hereafter, we learn with interest, as a result of the deliberations of the cheery city council of that charming community. This does not mean, to be sure, that the equines of Maryville have in the past strayed from the paths of rectitude. Ah, no. The trotters and pacers and single footers, and nags of that town do about as do the horses in other up-to-date cities, the difference in this case being that the Maryville city council has decided that the local thoroughbreds shall, in the future, beat all other records by keeping out of the way when passing pedestrians, vehicles, or the high priced automobiles which alone are used in the Nodaway county capital. It is a well known fact, the Maryville council says, that nobody can tell just which way a perfectly polite horse will turn when a six-cylinder swings around the corner of Fourth street into the public square close to the puffing nostrils of the aforesaid horse. At times the beast tries to enter the Maryville National bank. Occasionally there have been exhibited signs of its intention to explore the roof of the court house. And now and then the agitated nag has beaten it down past the federal building, seriously breaking in upon the plantations of that pioneer of Republicanism, Col. Scrib Beech, that he purposed giving up the dad-gummed office the minute the dad-gummed administration at Washington could make up its mind which dad-gummed candidate to give the job to. But hereafter we shall hear of no more such proceedings—from the hosses not the Colonel—in merry Maryville. Instead, the council declares—and so mote it be—every horse in town must turn to the right and give half the road. If this isn't done, the critter will be fined, and if the money isn't forthcoming, Jim Andy Ford can have the beast by paying the costs.

Mrs. A. Swike and son returned to their home in Plattsburg Wednesday morning, after a two weeks' visit with her parents, Mr. and Mrs. M. Nusbaum.

WHY DRUGGISTS RECOMMEND

Vinol for Run-Down People.

If any one person should know the value of medicines it is the druggist who dispenses them and from our experience we want to say if people in this vicinity only knew the value of Vinol, our delicious cod liver and iron tonic (without oil) at this season of the year, we would not be able to supply the demand.

This is because Vinol is a combination of the two most world famed tonics, namely, the medicinal curative elements of cods' livers without the oil, and iron for the blood.

Vinol tones up the digestive organs, purifies and enriches the blood, promotes healthful sleep and a normal appetite.

Old people, delicate children, rundown, overworked and tired women, should try a bottle of Vinol with the understanding that your money will be returned if it does not help you. Orear-Henry Drug Co., Maryville, Mo. —Advertisement.

Imagination in Children.

Laura Spencer Porter, writing an article entitled "Christmas Books for Children" in the December Woman's Home Companion, in which she makes suggestions that may help in selecting them, makes the following in teresting comment on imagination in children:

"A child grasps everything first by way of his imagination. I think a boy might meet, for instance, Abraham Lincoln himself and not be much more impressed than with any other grave and kind acquaintance; but introduce Lincoln first to his fancy; tell him just a little of Lincoln'es life and what it stands for, and nearly any boy, I will wager, would walk a mile to see some house the man lived in, or an old coat so great a man once wore."

A Thought For the Day

Not many years ago it was the policy of public service companies throughout the country to get all they could from the public and give as little as possible in return. Today these companies regard this policy as a relic of dark ages. This has not been done through process of law, but has been done because these same companies have come to realize that they were adopting a wrong course. The people must realize that in this modern day a light company is a necessity to any good community. The lighting company, on the other hand, must acknowledge that they exist by reason of the good will of the people, and that the way to obtain and hold this good will is by giving efficient service, absolutely fair treatment and a liberal policy with all. The Maryville Electric Light & Power Company was, we believe, among the first of the companies outside of the larger cities to adopt this broad policy, and we are pleased to state that the results in increased patronage have justified our course beyond our expectations.

BLOODIEST FIGHT OF REVOLUTION

Every Member of Federal Garrison Slain Before City is Taken.

TAMAULIPAS CAPITAL FALLEN.

Constitutionalists Report Capture of Victoria—Carranza Makes Virtual Demand for Recognition—Asks Hale to Present Credentials.

Brownsville, Tex., Nov. 19.—Every member of the defending federal garrison was killed before constitutionalists finally captured Victoria, capital of the Mexican state of Tamaulipas. This report was made to constitutionalist headquarters at Matamoras by General Pablo Gonzales, who commanded the attacking forces. General Gonzales described the battle as one of the bloodiest of the present revolution.

Federals are advancing north from Chihuahua City in the direction of Juarez, captured by the rebels Saturday.

A battle took place between the advancing federals and the rebels' rear guard at Laguna, midway between Juarez and Chihuahua. Pancho Villa, captor of Juarez, admitted this. He also admitted losing five men killed in the battle, but said the federals lost thirty-five.

The statement of Roberto V. Pesquiera, agent of the constitutionalists in Washington, defending as legal the executions of federals by Pancho Villa since the capturing of Juarez, is characterized by Mexican federal officials as at variance with facts.

Carranza Seeks Recognition.

Nogales, Sonora, Mex., Nov. 19.—Francisco Escudero, minister of foreign relations in the Carranza cabinet, asked William Hale, President Wilson's agent, to present his credentials before continuing further with conferences, which have been under way here informally for several days.

This was interpreted by many as a virtual demand for recognition of the constitutionalist revolution before the diplomatic exchanges between the constitutionalists and the Washington government are concluded.

Escudero explained that the request was made so that the conferences could be made formal and concluded promptly. He said that heretofore Mr. Hale had been received unofficially and that the cabinet members had acted merely as individuals in the "exchange of impressions."

STRIKE IN NALAT SPREADS

Hundred and Fifty Thousand East Indians Quit Work.

Durban, Nov. 19.—The strike of East Indian laborers spread to the south coast. Practically every one of the 150,000 workmen of East Indian blood in Natal laid down his tools.

Ill feeling among the East Indians has been considerably augmented by two incidents. The first was the death from flogging of a coal mine laborer in Dundee, twenty miles north of Ladysmith. The second was the arrest of 2,000 East Indians who attempted to cross from the Transvaal into Natal.

The federal law of the Union of South Africa prohibits the emigration of Asiatics from one state to another. The East Indians from the Transvaal had planned a demonstration in sympathy with the strikers in Natal.

The strike has paralyzed industry. The East Indians do practically all the labor in Natal, on the farms, railroads, sugar, tea and cattle plantations and in the mines. Most of the mechanics and domestics are also of this race. All the strikers have refused to pay their poll tax of $15 per head.

The most alarming menace is the likelihood that the strike will spread to other states. The government is disinclined to declare martial law, as the employment of imperial troops for the suppression of trouble would be almost certain to cause discontent in British India, where the natives are irritated over the treatment of East Indians in British colonies.

Tramp Stops Train Near Broken Rail.

Jessup, Ga., Nov. 19.—Scores of passengers left the coaches of a railway train near here to shake the hand of a tramp who probably saved their lives. The train, carrying four crowded sleepers and several day coaches, was rushing toward a broken rail at a speed of fifty miles an hour when the tramp appeared in front of the locomotive wildly waving his arms. When the train was stopped it was within a few feet of the bad rail.

Negro Pleads "Unwritten Law."

Washington, Nov. 19.—On the ground that the "unwritten law" should apply to the negro as well as to the white man, Carl Oliver, a negro of Franklin county, Texas, appealed to the supreme court to set aside the death sentence upon him for the murder of Franklin D. Stanley, a white man. Oliver claimed he shot in self defense, when he found Stanley with his wife.

Franklin Is Eliminated.

Bloomington, Neb., Nov. 19.—The town of Franklin was eliminated from further right to representation in the county seat fight in Franklin county. The vote for preference stood: Bloomington, 897; Macon, 865; Franklin, 781

MOTHER! THE CHILD IS COSTIVE, BILIOUS

Don't Hesitate! A Laxative is Necessary if Tongue is Coated, Breath Bad or Stomach Sour.

Give "California Syrup of Figs" at once—a teaspoonful today often saves a sick child tomorrow.

If your little one is out-of-sorts, half-sick, isn't resting, eating and acting naturally—look, Mother! see if tongue is coated. This is a sure sign that its little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomach-ache, diarrhoea, sore throat, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated poison, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

Mothers can rest easy after giving this harmless "fruit laxative," because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs;" then see that it is made by the "California Fig Syrup Company." Don't be fooled!—Advertisement.

VOLUME 4. MARYVILLE, MISSOURI, WEDNESDAY, NOV. 19, 1913. NO. 145.

HIS HEN FIRST

ONE OWNED BY J. S. GROSS WON EGG LAYING CONTEST.

LAID 260 EGGS IN YEAR

Prize Won in Second International Egg Laying Contest—Crawford & Sayler's Hen Got Fourth.

A Maryville hen, belonging to John S. Gross of this city, won first prize in the second international egg laying contest, which closed Saturday night at the Missouri state poultry experiment station at Mountain Grove, Mo., in a thrilling race with a hen from England, nosing out the latter by two eggs. Another Maryville hen was fourth, belonging to Crawford and Sayler of this city.

The winner is a Rose Comb White Leghorn hen, owned by John Gross of Maryville, and produced 260 eggs during the year.

Tom Barron's White Leghorn hen from Catsforth, England, laid 258 eggs. The hens were tied for several days this week, but the loser did not lay an egg during the last two days of the contest.

Tom Barron's pen of White Leghorns won the pen record with 2,073 eggs from ten hens, with a pen of Buff Wyandottes owned by C. H. Rogers, Eagleville, Mo., running second.

The third hen is a Buff Wyandotte, with 255 eggs, owned by J. H. Clark, West Parolet, Vt., and the fourth hen is a Buff Wyandotte, with 253 eggs to her credit, from a pen owned by Crawford and Sayler of Maryville, Mo.

The average egg production for the 700 hens taking part in the contest is 145 eggs, eleven more than last year's egg laying contest average.

A thousand pullets from seven foreign countries, Canada, and more than twenty states are at the experiment station waiting for the start of the third international egg laying contest on December 1.

Mr. Quisenberry, director at the experiment station, and his assistant feel satisfied with the results of the contest, as the hot weather last summer greatly affected the laying of the hens and yet the average is larger than last year.

THE WATER PLANT

IT WILL SOON BE COMPLETED AND WILL BE MODEL ONE.

TO DRILL FOR WATER

This Will Be Done in Spring—Two New Mains Will Probably Be Built This Fall.

The improvement work at the city water plant will be completed within the next two or three weeks, and Maryville will then have as model a plant as can be found.

There are only two items yet left on the program of the board of public works. One of these is to drill for well water, which will be done next spring. The other item is to build two new mains, probably this fall. The board has discussed the building of mains, but no definite action has been taken. As figured on, one main will be built in Southeast Maryville and one in Northeast Maryville, being more needed in those sections of the city than any other. These mains will be put where there are the most consumers in these sections. Another reason for the mains at present is that adequate fire protection is not had in these parts of town.

The filters are being installed now at the water plant. The two new pumps are here and will be ready for use in about two weeks.

The new water tower is in use and is giving satisfaction. It has a capacity of 150,000 gallons constantly on hand under pressure for fire service.

When the filters and pumps are installed at the plant the remodeling and alteration of the plant will be completed.

QUIT CARRYING PASSENGERS.

People Along St. Joseph Branch Must Hereafter Ride on Passengers.

An order has just been issued by the C., B. & Q. Railroad company announcing that after December 1st it will discontinue carrying passengers on way freights Nos. 94 and 95 on this St. Joseph branch.

No doubt this news will not be received in a very happy mood by scores of people residing at points along this branch between Creston and St. Joseph, and also by many traveling salesmen. Heretofore the privilege of taking the freight in the event of them not being able to finish their business in whatever town they were in time to catch the passenger train, has been a good thing for a great many. Many also took the afternoon freight from points south of Creston in preference to coming on the afternoon passenger, which comes about two or three hours earlier, or waiting for the night train, which does not reach here until 10:40 o'clock. There were also other advantages to travelers of having three trains a day each way, instead of two as will be the case after December 1st.

It is understood that the reason given by the railroad for discontinuing the accommodation passenger business on the way freight, is that it is a great nuisance and bother to pull up to the stations and stop with the long freights now being hauled in addition to the switching, which necessarily has to be done. Furthermore, it is understood that the railroad contends that the privilege of riding on the freights is abused by many who could ride on the passenger trains.

Let Them Play All They Want To.

In the December Woman's Home Companion Dr. Roger H. Dennett, a New York physician who is expert in the care and treatment of children, writes an article entitled "How to Make Babies Better." Following is an extract in which Doctor Dennett gives his ideas of exercise for children:

"It seems to be the practice of some mothers to suppress their children in their play, with the idea that it is for their good. I cannot understand why this suppression is so popular, because I believe that throughout childhood there are few exceptions to the rule that a child should be allowed to be as active as he wishes. Not long ago I asked a mother whose child did not seem to be in the best of health if she was very active in her play. The mother replied that her child was very lively indeed but that she was not allowed to run when she was out of doors for fear of getting overheated, there was so much danger of her catching cold afterward. This is not at all unusual, for I meet this suppression almost every day. Such mothers should learn that their children are far more apt to catch cold when they do not get the proper amount of exercise than when they are allowed to run and play all they like. Let your children be as lively as they wish and play to their hearts' content. If they are not naturally active, encourage in them a fondness for games. Most of us have caught the spirit of the fresh air treatment, and it would be well if we could learn that exercise is just as important."

Mrs. Louis Remele of Clyde, who has been a patient at St. Francis hospital for two weeks, was able to go home Wednesday, Mr. Remele coming over to accompany her home.

GOOD ROAD WORK

HAVE SPENT $350 CUTTING DOWN HILLS NEAR J. W. MOSS.

IS GREAT IMPROVEMENT

The Hills Are About Three Miles West of Ravenwood—Fills Were Also Made With the Dirt.

Over $350 has been spent on the Moss hill, which is three miles west of Ravenwood, and the work done is considered a great improvement. The hill was one of the worst on the Maryville and Ravenwood road. The work was just recently completed and Marion West, road overseer, was in charge.

The money spent came from J. W. Moss, the county court and the township, each giving $100. The other $50 was donated by the farmers in that community, and in addition many farmers donated many days' work with teams. Beside the moving of the dirt in lowering the hill and making the fill at the foot, there will be two new concrete bridges. A fill of five feet was made at one place.

There were three hills and the money was used in lowering all of them. Rev. C. R. Green of the Harmony church was one of the many farmers that helped in the work.

THOMAS PHIPPS BROUGHT HOME.

Clearmont Young Man Who Was Shot Accidentally About Ten Days Ago is Back From Hospital.

Thomas Phipps, the Clearmont young man who was shot a week ago by the accidental discharge of his revolver, was brought home Tuesday evening from Ensworth hospital in St. Joseph, where he was taken last Friday by Dr. H. S. Dowell. It was the intention to remove the bullet, which has lodged deep in the thick muscles of the right hip, but the patient is too weak from the loss of blood that it was thought best to defer that operation for the present. He is doing very well, however, and is gradually gaining.

The young man had started out hunting one morning, carrying a revolver and a hammer in his left hip pocket. As he was going through a wire fence, some two miles from his home, the hammer rubbed against the revolver in such a way as to pull the trigger of the revolver, exploding it. The bullet entered the posterior part of the left hip, went through the lower lumbar vertebra and posterior part of the rectum and lodged in the deep muscles of the right hip. The victim walked to his home, two miles away, before he told anyone what had happened, and it was several hours before he had medical attention. He was very weak from the loss of blood and was in a critical condition awhile before he was taken to the hospital.

Arrested Again for Drunkenness.

Thomas Hoover was arrested Wednesday for drunkenness, being his second offense in two days. His first arrest was Tuesday, and he was given a fine of $2 and costs, paying the same. When he appeared before Mayor Robey Wednesday for the second time on the same charge, his honor made it cost him $26.10, and Hoover, being unable to pay same, will have to work it out for twenty-six days on the city rock pile.

Mrs. Charles Green went to Stanberry Wednesday to visit her parents, Mr. and Mrs. J. C. Moore.

Mrs. S. H. Coleman of Villisca, Ia., came to Maryville Wednesday to visit her daughters, Mrs. John Borrusch and Mrs. M. H. Borrusch.

Miss Orlena Helply returned Tuesday evening from a few days' visit at the home of Mr. and Mrs. R. R. Staples of Burlington Junction.

It is time to remember your Christmas shopping.

It's a dull day in Mexican affairs when there is not a contradiction of some former rumor.

It has been decided that a turkey weighing more than twenty pounds cannot be sent by parcels post. That's all right, we will be satisfied with one of that size.

A man who was determined sane in Missouri has just been declared insane in Ohio. The fact that he left Missouri was probably considered sufficient evidence.

Speaker Champ Clark has rented a home in Washington for $1,500 per year. Poor Champ has to worry along on $12,000 per year and didn't get to deliver a single lecture.

Since the tariff was lowered the Glass family seems to be coming into its own. Carter Glass of Virginia is making a currency bill in congress, Editor Frank Glass of Alabama has been appointed United States senator, and Thomas E. Glass has been appointed postmaster of Jackson, Tenn., and the season is yet early.

Judge Harris of the Boone county circuit court a few days ago severely scored the individuals who commit perjury in order to shield the men who have illegally sold them intoxicants. That is what makes it difficult to enforce sumptuary laws. The individual who is most harmed is the one who tries hardest to shield the guilty offender. If some one steals a pig or a horse, the victim will go his length to run down the thief and bring him to justice, but when a man violates the law in order to help him get drunk, his memory of the transaction too frequently becomes a blank.

POLITICAL NOTES.

(From Democratic Press Bureau.)

Theodore Roosevelt has been invited to Japan. But the place that needs him most is Mexico.

Some of the American residents in the City of Mexico can't understand why the present administration should be so prejudiced against Huerta. They seem to be perfectly satisfied that Mexico or their own country should be governed by means of assassination if they can make money out of it.

The present seems to be an era of good feeling. The Republican party is hopelessly divided. It has ceased to be an effective implement for working the will of the predatory interests. The Democratic party is redeeming its pledges one by one. The great mass of the common people have grown weary of the sensational. They are practically agreed upon tariff and currency legislation, the predatory interests appear to deem it unsafe to go farther at this time in exploiting the common people. The United States judge does not stand over so much ground as formerly, and all this under a Democratic administration.

Jessie's Bridesmaids.

Miss Jessie Wilson, daughter of the president, who will be married to Francis B. Sayre, November 25, in the White House, has selected bridesmaids from among her friends in many parts of the country, and she has chosen some what are considered very pretty.

Her eldest sister, Margaret, will be the maid of honor.

There will be four bridesmaids. Miss Eleanor Randolph Wilson, younger sister of the bride-elect, who is 3 years her junior, and for whom a great popularity is predicted during the coming Washington social season. Miss Eleanor Wilson is vivacious and exceedingly popular. Of the three daughters of the president she enjoys the most intimate chumship with the chief magistrate. She is fond of horseback riding and tennis and is an unusually good dancer.

Miss Mary G. White of Baltimore, another of the bridesmaids, was intimately associated with Miss Jessie Wilson during her student days. They were classmates at Goucher college, Baltimore, and have maintained an intimate friendship ever since. Miss Jessie Wilson has been several times a visitor at Miss White's home since she became an inmate of the White House, and in turn Miss White has been a frequent visitor in the Wilson home.

Miss Marjorie Brown of Atlanta, daughter of Col. E. T. Brown, is a cousin of the mother of the bride-to-be. There is an especial interest in Miss Brown's participation in the ceremony for the reason that she will be the only native Georgian in the party beside the bride. Miss Jessie Wilson was born in Georgia twenty-six years ago.

Miss Adeline Mitchell Scott of Princeton will be the fourth bridesmaid. Miss Scott and Miss Jessie Wilson have been intimate since their babyhood. She is the daughter of Prof. William B. Scott of the university faculty of Princeton.

Entertained Her Class.

One of those enjoyable events that will soon be known to the participants as among the "happy days gone by," took place Tuesday evening at the home of Mr. and Mrs. Frank Roelofson, when the mid-winter class of the high school and the faculty were entertained by their daughter, Miss Golda Roelofson. The hostess was assisted in her duties by her sister, Mrs. Paul Sawyers of St. Joseph, Miss Virginia Rose, Mrs. Roelofson and Frank Roelofson, Jr. The decorations of the rooms added to the spirit of the evening the class colors of yellow and green being prettily shown in ribbon streamers and class pennants strung over doors and windows, and the electrolier lights in each of the rooms shaded in yellow and green. The bay window in the living room was banked with palms, and the table in the window held a large bouquet of yellow chrysanthemums. The game of the evening was speculation, Miss Ruth Reuilliard winning the prize, a yellow and green box of correspondence cards. After the games much fun was derived from "walking the string" with the use of field glasses. During the games several piano numbers were given by Mrs. Sawyers, Miss Rose and Mrs. Roelofson, and sherbet was served the players. The luncheon was in two courses, on the small tables where the games were played. The first course was brought in individual lunch baskets that had handles of yellow and green ribbons, with the place card attached. Each basket contained a chicken sandwich of brown bread, a jelly sandwich of white bread, olives, pickles, cheese sticks, potato chips, a stick of candy and a banana. The napkins had pictures on them suggestive of school days. The baskets were given as favors. The second course consisted of apricot ice, yellow and green mints, chocolate cake and coffee. The members of the class are Laura Craig, Ruth Reuillard, Hazel Vandervoort, Edith Wilson, Gladys Holt, Isora Mutz, Katherine Carpenter, Golda Roelofson, Fred Vandersloot, Edgar Hull, Kirker Sawyers. The members of the faculty, Superintendent Westbrook, Professor Clyde Busby, Miss Alicia Keeler, Miss Laura Hawkins, Miss Donna Sisson, Miss Marjorie Hine, Miss Helen Wright.

Met With Mrs. Richey.

The Tourist department of the Twentieth Century club held its November meeting Tuesday afternoon with Mrs. J. D. Richey. The study of Modern Germany for the year was concluded at this meeting in the consideration of chapter 67 of our textbook. Miss Helen Leffler was the leader, and as usual was well prepared for the part. Mrs. Arthur A. Brewer, one of the new members, was on the program for the first time, and in a most pleasing manner gave her subject, "The German's Fatherland," telling of the different types of Germans. A sketch of William II was given by Mrs. Charles D. Bellows. "Political Parties and Socialism" was discussed by Miss Helen Leffler, who showed such an insight in regard to things political in Germany, and talked with so much enthusiasm that the Tourists think they have a splendid example of the best kind of suffragette in their midst. Mrs. Charles Wadley gave a talk on the German army, and two papers were read, one by Mrs. R. L. McDougal on "Germany as a World Power," and the other, "Germany's Waterways, Railways and Canals," by Mrs. S. G. Gillam. A review of German news from the latest magazines was presented by Mrs. Emmett Scott, followed by a general discussion of German news. There was one out-of-town guest, Mrs. M. V. Shaff of Los Angeles, Cal., an aunt of Mrs. T. L. Wadley.—By Reporter for the Tourists.

Surprise on M. and Mrs. Jones.

A delightful and successful surprise was given Mr. and Mrs. Oliver Jones Saturday evening when the Dew Drop Inn club and neighbors and friends went in to pay them a farewell visit before their departure for Long Beach, Cal., where they expect to make their home.

Mr. and Mrs. Jones had been packing their household effects during the day and large boxes were in evidence everywhere, as well as straw, which had been used in packing. Oh, no; they were not disconcerted. Mr. Jones proceeded to sweep out the straw with the handle of the broom, while Mrs. Jones was in another room filling coal oil lamps with the wrong end of the funnel, when they were persuaded to keep quiet and make the best of everything and a good social time was had and an oyster supper, which had been provided for by the guests was served to those present, who were Mr. and Mrs. Charles Garrett and family, Mr. and Mrs. Allen Lemon, Mr. and Mrs. Tab MacDowell and daughter, Mr. and Mrs. Fred Miller, Mr. and Mrs. Ben Yeager, Mr. and Mrs. Claud Moore and son, Mr. and Mrs. Fletcher Dalby and daughter, Mr. and Mrs. Harry Farrar and family, Mr. and Mrs. Will Noakes, Mr. and Mrs. Elmer Baker and son, Mr. P. Look Forward, and Not Back; and Lend a Hand."

There's a good motto for all of us for the new year. We're not sure that the quotation is exactly correct, but we've got the general idea there. Edward Everett Hale said it. It's a good motto for men in business, for women in the home or in business, for all of us in all our relations to each other. We're trying to carry out that idea in the Clothing Business. It is shown by having here the HART, SCHAFFNER & MARX and CLOTH CRAFT. The most forward, upward, outward looking Clothes made. "Though we should be grateful for good houses, there is no house like God's out of doors."
—Robert Louis Stevenson.

STEVENSON might well have amplified this aphorism with, "And there is no out of doors like southern California." Can anyone gainsay it or can any one deny that for years "to spend a winter in California" has been uppermost in his mind, in fact, an ambition?

Let this be the year to enjoy an abundance of sunshine, blue skies, green valleys, acres of flowers, fresh fruits, yachting, bathing, golf, motoring, fishing.

A Thought For the Day

Not many years ago it was the policy of public service companies throughout the country to get all they could from the public and give as little as possible in return. Today these companies regard this policy as a relic of dark ages. This has not been done through process of law, but has been done because these same companies have come to realize that they were adopting a wrong course. The people must realize that in this modern day a light company is a necessity to any good community. The lighting company, on the other hand, must acknowledge that they exist by reason of the good will of the people, and that the way to obtain and hold this good will is by giving efficient service, absolutely fair treatment and a liberal policy with all. The Maryville Electric Light & Power Company was, we believe, among the first of the companies outside of the larger cities to adopt this broad policy, and we are pleased to state that the results in increased patronage have justified our course beyond our expectations.

Horses Must Follow Right Ways.

The St. Joseph Gazette, in speaking of the city council here making an ordinance that all buggies and vehicles must observe the road laws, says:

The horses of merry Maryville must follow right ways hereafter, we learn with interest, as a result of the deliberations of the cheery city council of that charming community. This does not mean, to be sure, that the equines of Maryville have in the past strayed from the paths of rectitude. Ah, no. The trotters and pacers and single footers, and nags of that town do about as do the horses in other up-to-date cities, the difference in this case being that the Maryville city council has decided that the local thoroughbreds shall, in the future, beat all other records by keeping out of the way when passing pedestrians, vehicles, or the high priced automobiles which alone are used in the Nodaway county capital. It is a well known fact, the Maryville council says, that nobody can tell just which way a perfectly polite horse will turn when a six-cylinder swings around the corner of Fourth street into the public square close to the puffing nostrils of the aforesaid horse. At times the beast tries to enter the Maryville National bank. Occasionally there have been exhibited signs of its intention to explore the roof of the court house. And now and then the agitated nag has beaten it down past the federal building, seriously breaking in upon the plantations of that pioneer of Republicanism, Col. Scrib Beech, that he purposed giving up the dad-gummed office the minute the dad-gummed administration at Washington could make up its mind which dad-gummed candidate to give the job to. But hereafter we shall hear of no more such proceedings—from the hosses not the Colonel—in merry Maryville. Instead, the council declares—and so mote it be—every horse in town must turn to the right and give half the road. If this isn't done, the critter will be fined, and if the money isn't forthcoming, Jim Andy Ford can have the beast by paying the costs.

Mrs. A. Swike and son returned to their home in Plattsburg Wednesday morning, after a two weeks' visit with her parents, Mr. and Mrs. M. Nusbaum.

WHY DRUGGISTS RECOMMEND

Vinol for Run-Down People.

If any one person should know the value of medicines it is the druggist who dispenses them and from our experience we want to say if people in this vicinity only knew the value of Vinol, our delicious cod liver and iron tonic (without oil) at this season of the year, we would not be able to supply the demand.

This is because Vinol is a combination of the two most world famed tonics, namely, the medicinal curative elements of cods' livers without the oil, and iron for the blood.

Vinol tones up the digestive organs, purifies and enriches the blood, promotes healthful sleep and a normal appetite.

Old people, delicate children, rundown, overworked and tired women, should try a bottle of Vinol with the understanding that your money will be returned if it does not help you. Orear-Henry Drug Co., Maryville, Mo. —Advertisement.

Imagination in Children.

Laura Spencer Porter, writing an article entitled "Christmas Books for Children" in the December Woman's Home Companion, in which she makes suggestions that may help in selecting them, makes the following in teresting comment on imagination in children:

"A child grasps everything first by way of his imagination. I think a boy might meet, for instance, Abraham Lincoln himself and not be much more impressed than with any other grave and kind acquaintance; but introduce Lincoln first to his fancy; tell him just a little of Lincoln'es life and what it stands for, and nearly any boy, I will wager, would walk a mile to see some house the man lived in, or an old coat so great a man once wore."

BLOODIEST FIGHT OF REVOLUTION

Every Member of Federal Garrison Slain Before City is Taken.

TAMAULIPAS CAPITAL FALLEN.

Constitutionalists Report Capture of Victoria—Carranza Makes Virtual Demand for Recognition—Asks Hale to Present Credentials.

Brownsville, Tex., Nov. 19.—Every member of the defending federal garrison was killed before constitutionalists finally captured Victoria, capital of the Mexican state of Tamaulipas. This report was made to constitutionalist headquarters at Matamoras by General Pablo Gonzales, who commanded the attacking forces. General Gonzales described the battle as one of the bloodiest of the present revolution.

Federals are advancing north from Chihuahua City in the direction of Juarez, captured by the rebels Saturday.

A battle took place between the advancing federals and the rebels' rear guard at Laguna, midway between Juarez and Chihuahua. Pancho Villa, captor of Juarez, admitted this. He also admitted losing five men killed in the battle, but said the federals lost thirty-five.

The statement of Roberto V. Pesquiera, agent of the constitutionalists in Washington, defending as legal the executions of federals by Pancho Villa since the capturing of Juarez, is characterized by Mexican federal officials as at variance with facts.

Carranza Seeks Recognition.

Nogales, Sonora, Mex., Nov. 19.—Francisco Escudero, minister of foreign relations in the Carranza cabinet, asked William Hale, President Wilson's agent, to present his credentials before continuing further with conferences, which have been under way here informally for several days.

This was interpreted by many as a virtual demand for recognition of the constitutionalist revolution before the diplomatic exchanges between the constitutionalists and the Washington government are concluded.

Escudero explained that the request was made so that the conferences could be made formal and concluded promptly. He said that heretofore Mr. Hale had been received unofficially and that the cabinet members had acted merely as individuals in the "exchange of impressions."

STRIKE IN NALAT SPREADS

Hundred and Fifty Thousand East Indians Quit Work.

Durban, Nov. 19.—The strike of East Indian laborers spread to the south coast. Practically every one of the 150,000 workmen of East Indian blood in Natal laid down his tools.

Ill feeling among the East Indians has been considerably augmented by two incidents. The first was the death from flogging of a coal mine laborer in Dundee, twenty miles north of Ladysmith. The second was the arrest of 2,000 East Indians who attempted to cross from the Transvaal into Natal.

The federal law of the Union of South Africa prohibits the emigration of Asiatics from one state to another. The East Indians from the Transvaal had planned a demonstration in sympathy with the strikers in Natal.

The strike has paralyzed industry. The East Indians do practically all the labor in Natal, on the farms, railroads, sugar, tea and cattle plantations and in the mines. Most of the mechanics and domestics are also of this race. All the strikers have refused to pay their poll tax of $15 per head.

The most alarming menace is the likelihood that the strike will spread to other states. The government is disinclined to declare martial law, as the employment of imperial troops for the suppression of trouble would be almost certain to cause discontent in British India where the natives are irritated over the treatment of East Indians in British colonies.

Tramp Stops Train Near Broken Rail.

Jessup, Ga., Nov. 19.—Scores of passengers left the coaches of a railway train near here to shake the hand of a tramp who probably saved their lives. The train, carrying four crowded sleepers and several day coaches was rushing toward a broken rail at a speed of fifty miles an hour when the tramp appeared in front of the locomotive wildly waving his arms. When the train was stopped it was within a few feet of the bad rail.

Negro Pleads "Unwritten Law."

Washington, Nov. 19.—On the ground that the "unwritten law" should apply to the negro as well as to the white man, Carl Oliver, a negro of Franklin county, Texas, appealed to the supreme court to set aside the death sentence upon him for the murder of Franklin D. Stanley, a white man. Oliver claimed he shot in self defense, when he found Stanley with his wife.

Franklin Is Eliminated.

Bloomington, Neb., Nov. 19.—The town of Franklin was eliminated from further right to representation in the county seat fight in Franklin county. The vote for preference stood: Bloomington, 897; Macon, 865; Franklin, 781

MOTHER! THE CHILD IS COSTIVE, BILIOUS

Don't Hesitate! A Laxative is Necessary if Tongue is Coated, Breath Bad or Stomach Sour.

Give "California Syrup of Figs" at once—a teaspoonful today often saves a sick child tomorrow.

If your little one is out-of-sorts, half-sick, isn't resting, eating and acting naturally—look, Mother! see if tongue is coated. This is a sure sign that its little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomach-ache, diarrhoea, sore throat, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated poison, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

Mothers can rest easy after giving this harmless "fruit laxative," because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs;" then see that it is made by the "California Fig Syrup Company." Don't be fooled!—Advertisement.

KONDON'S Catarrhal Jelly

STOP CATARRH!

Unless Properly Treated With Hyomei This Disease May Become Serious.

If you have catarrh, indicated by sniffling, stopped up head, droppings in the throat and morning choking, there is an irritated state of the mucous membrane which affords an ideal condition for the growth of disease germs

Do not allow these dangerous germs to begin the destruction of your health.

The easiest, simplest, quickest, surest and cheapest way to check catarrh is by breathing Hyomei. This wonderful medicated air treatment does not upset the stomach, but is breathed in through the Hyomei inhaler, directly following and surely destroying all disease germs that may have been inhaled—the tissues of the throat, nose and lungs are quickly healed and vitalized.

Money refunded by the Orear-Henry Drug Co. to anyone whom Hyomei fails to benefit. A complete outfit costs but $1.00.
